

SBIR-BidWatchSM Service

Now available for all SBIR and STTR procurements from all ten (10) agencies

The SBIR Resource Center^(R) announces a new service: opportunity searches to match your technical concepts and/or industry to the full text of **all** SBIR & STTR procurement opportunities for an entire year.

IMPORTANT: Agency interests overlap to quite a surprising degree. Therefore, your technology/concept likely has applications (providing real opportunities for you) at more than just one agency.

Now, save manpower and receive the earliest possible notification of your bid opportunities. Up to eight terms searched on the FULL TEXT of each and every SBIR & STTR procurement at ALL of the agencies. Now, for a limited time, you can order a full year of this service at the low price of just \$295.00/year for the basic service **plus \$25.00 per opportunity report**. "Hits" are manually screened so that reports are generated only for those procurements where meaningful opportunity matches are found (one report per solicitation, not per opportunity).

* SBIR Resource Center^(R) is a division of JADE Research Corporation
